

Welcome to our Community Doula Directory!

Here you will find a list of community doulas who help individuals during pregnancy and childbirth. A community doula is someone who is specially trained to give support during and after birth. They can help with making plans for birth, teach ways to feel better during labor and give support with breastfeeding.

In this directory, you will find community doulas who are ready to help you and your family. They're all here to make sure you feel safe, cared for and supported as you get ready to welcome your new baby. Use this listing to reach out to a community doula directly.

If you would like us to help you find a community doula, please call **1-800-682-9094** (TTY **711**). From the main menu, select option **1**, and then option **4** for *Case/Care and Disease Management*.

Resources for You

- Horizon NJ Health has a program that can help during pregnancy. Our GEMS Program was created to ensure our members get proper prenatal care and education on how to have a healthy pregnancy. Learn more at horizonNJhealth.com/GEMS.
- The Division of Medical Assistance & Health Services has information about community doulas and care at DMAHS.com/doula
